STANDARDS LISTS

STANDARDS LIST

Listed below are some of the common standards, codes and regulations used in our industry. Please note that this list is a guide only and the year that the standard was released has been omitted. For the latest releases please consult the Building Code of Australia, your local regulatory authority and Standards Australia.

ASI288 Glass in Buildings - Selection and Installation; AS/NZS2080 Safety glazing materials in buildings: AS/NZS2080 Safety glazing materials in buildings: AS/NZS4666 Insulating glass for land vehicles; AS/NZS46667 Cuality requirements for cut to size and processed glass; AS/NZS46667 Cuality requirements for cut to size and processed glass; AS/NZS4668 Glossory of terms used in the glass and glazing industry HB125 The glass and glazing handbook; ASI170 Structural design actions; AS2047 Windows in Buildings; AS4045 Windows in Buildings; AS4085 Wind loads for housing; AS4085 Wind loads for housing; AS4085 Woterproofing of wet areas within residential buildings; AS3959 Construction of buildings in bushfire prone areas; AS3740 Woterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gote units for private swimming pools; AS/NZS4284 Testing of building focades; AS/NZS4284 Testing of building focades; AS/NZS2343 Buillet resistant panels and elements; AS3555 Building elements - Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1830 Methods for fire tests on buildings materials, components and structures; AS2666 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gos installations; AG601 Domestic gas cooking appliances; AS455 Domestic gas cooking appliances; AS455 Slip resistance classification of new pedestrian surface materials. HB197 An introductory guide to the slip resistance of pedestrian surface materials. AS4114 Spray painting booths.	BUILDING CODE OF AUSTRALIA;	
AS/NZ\$2080 Safety glozing materials in buildings: AS/NZ\$4686 Insulating glass for land vehicles; AS/NZ\$4687 Quality requirements for cut to size and processed glass; AS/NZ\$4688 Glossary of terms used in the glass and glazing industry HB125 The glass and glazing handbook; AS1170 Structural design actions; AS2047 Windows in Buildings; AS4055 Wind loads for housing; AS4055 Wind loads for housing; AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZ\$4284 Testing of building facades; AS/NZ\$2434 Builet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZ\$1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of laminated glass windscreens fitted to road vehicles; AS5601 Gas installations; AS601 Gas installations; AS601 Domestic gas cooking appliances; AS1799 An introductory guide to the slip resistance of pedestrian surface materials, AS1785 Slip resistance classification of new pedestrian surface materials, AS1785 Slip resistance classification of new pedestrian surface materials, AS1785 Slip resistance classification of new pedestrian surface materials, AS1799 An introductory guide to the slip resistance of pedestrian surface materials AS1418 Cranes; AS2390 Electrical equipment for explosive atmospheres – explosion protection techniques;	Relevant local and state statutory and regulatory requirements;	
AS/NZS4666 Insulating glass for land vehicles: AS/NZS4666 Insulating glass units: AS/NZS4667 Quality requirements for cut to size and processed glass; AS/NZS4668 Glossary of terms used in the glass and glazing industry HBI25 The glass and glazing handbook: ASI170 Structural design actions; AS2047 Windows in Buildings: AS4055 Wind loads for housing: AS4055 Wind loads for housing: AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings: AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS2343 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of inminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AG601 Gas installations; AS4551 Demestic gas cooking appliances; AS/NZS4586 Silp resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrion surface materials AS1418 Cranes; AS2390 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS1288	Glass in Buildings - Selection and Installation;
AS/NZS4666 Insulating glass units; AS/NZS4667 Quality requirements for cut to size and processed glass; AS/NZS4668 Glassary of terms used in the glass and glazing industry HBL25 The glass and glazing handbook; ASI170 Structural design actions; AS2047 Windows in Bulidings; AS4055 Wind loads for housing; ASI428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS2343 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of inminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Domestic gas cooking appliances; AS/NZS4586 Silp resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrion surface materials AS1418 Cranes; AS2390 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS/NZS2208	Safety glazing materials in buildings;
AS/NZS4667 Ouality requirements for cut to size and processed glass; AS/NZS4668 Glassary of terms used in the glass and glazing industry HBI25 The glass and glazing handbook; ASI170 Structural design actions; AS2047 Windows in Buildings; AS4055 Wind loads for housing; AS4055 Wind loads for housing; AS4055 Oesign for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS4284 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2866 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Domestic gas cooking appliances; AS/NZS4586 Slip resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrian surface materials AS1418 Cranes; AS2880 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS/NZS2080	Safety glass for land vehicles;
AS/NZS4668 Glossary of terms used in the glass and glazing industry HBI25 The glass and glazing handbook: ASI170 Structural design actions; AS2047 Windows in Buildings: AS4055 Wind loads for housing: AS4055 Wind loads for housing: AS4055 Wind loads for housing: AS348 Design for access and mobility: AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS243 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving wolks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Domestic gas cooking appliances; AS/NZS4586 Slip resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrian surface materials AS1418 Cranes; AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS/NZS4666	Insulating glass units;
HBI25 The glass and glazing handbook: AS1170 Structural design actions; AS2047 Windows in Buildings: AS4055 Wind loads for housing: AS4055 Wind loads for housing: AS1428 Design for access and mobility: AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety: AS2820 Gate units for private swimming pools; AS/NZ54284 Testing of building facades; AS/NZ52343 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS2366 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boot code; AS5601 Gas installations; AG601 Gas installations; AG601 Domestic gas cooking appliances; AS/NZ54586 Slip resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrian surface materials AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS/NZS4667	Quality requirements for cut to size and processed glass;
AS1170 Structural design actions; AS2047 Windows in Buildings; AS4055 Wind loads for housing; AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Woterproofing of wet areas within residential buildings; AS1928 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZ54284 Testing of building facades; AS/NZ52343 Builet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS2866 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boot code; AS5601 Gas installations; AG601 Gas installations; AG601 Domestic gas cooking appliances; AS/NZ54586 Slip resistance classification of new pedestrian surface materials HB197 An introductory guide to the slip resistance of pedestrian surface materials AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS/NZS4668	Glossary of terms used in the glass and glazing industry
AS2047 Windows in Buildings; AS4055 Wind loads for housing; AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS2343 Buillet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of laminated glass windscreens fitted to road vehicles: AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AG601 Domestic gas cooking appliances; AG101 Domestic gas cooking appliances; AS/NZS4586 Slip resistance classification of new pedestrian surface materials HB197 An introductory guide to the slip resistance of pedestrian surface materials AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	HB125	The glass and glazing handbook;
AS4055 Wind loads for housing: AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS2343 Bullet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS/NZS1905 Components for the protection of openings in fire resistant walls; AS2366 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Damestic gas cooking appliances; AG101 Domestic gas cooking appliances; AS/NZS4586 Slip resistance classification of new pedestrian surface materials AS1418 Cranes; AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS1170	Structural design actions;
AS1428 Design for access and mobility; AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZ54284 Testing of building facades; AS/NZ52343 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS2366 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Domestic gas cooking appliances; AG101 Domestic gas cooking appliances; AS/NZ54586 Slip resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrian surface materials AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS2047	Windows in Buildings;
AS3959 Construction of buildings in bushfire prone areas; AS3740 Waterproofing of wet areas within residential buildings; AS1926 Swimming pool safety; AS2820 Gate units for private swimming pools; AS/NZS4284 Testing of building facades; AS/NZS433 Buillet resistant panels and elements; AS3555 Building elements – Testing and rating for intruder AS1735 Lifts, escalators and moving walks; AS1530 Methods for fire tests on buildings materials, components and structures; AS2966 Repair of laminated glass windscreens fitted to road vehicles; AS1799 Small pleasure boat code; AS5601 Gas installations; AG601 Gas installations; AS4551 Domestic gas cooking appliances; AS/NZS4586 Slip resistance classification of new pedestrian surface materials; HB197 An introductory guide to the slip resistance of pedestrian surface materials AS2380 Electrical equipment for explosive atmospheres – explosion protection techniques;	AS4055	Wind loads for housing;
